ZHENGANG SUN

SENIOR EXPORT SALES / INTERNATIONAL SALES / KEY ACCOUNTS

Xiaogan, Hubei, China | Seeking Wuhan or Xiaogan roles | Open to living in Wuhan

PROFILE

Furniture and home products export professional with hands-on experience in customer acquisition, pricing, negotiation and order delivery across North America, Europe and the Middle East. Independently acquired a large US e-commerce buyer that contributed approximately 60% of company shipped sales in a year around 2020. Combines direct sales execution with supplier assessment, production coordination and payment collection. Built an eight-person export sales team in which every representative secured orders. CET-6 qualified, with overseas trade show and customer visit experience. Also builds business websites and uses AI-assisted scripts for order processing and export documentation. Open to senior individual-contributor and sales management roles.

PROFESSIONAL EXPERIENCE

SHENZHEN BESTFURNI HOUSEHOLD PRODUCTS CO.,LTD

Oct 2015 - Present

Co-founder / Export Business Lead

Furniture export trading company supplying dressing tables, jewelry cabinets, bedside tables and metal-frame desks to wholesalers and online sellers in North America, Europe and the Middle East.

- **US key account acquisition:** Converted an Alibaba.com lead through a China-based purchasing agent, coordinated samples, then worked directly with the buyer on desk models, pricing and factory visits. The account contributed approximately 60% of company shipped sales in a year around 2020; total company shipped sales were approximately RMB 60 million that year.
- **Packaging improvement:** Worked with factories on five packaging iterations and drop tests in about half a month to address desktop and corner damage. Secured buyer approval; according to customer feedback, damage-related replacement requests and complaints fell to near zero.
- **Supplier development and delivery:** Assessed approximately 10-20 factories across four provinces and established about five ongoing suppliers. Confirmed materials, dimensions, colors and samples before production; coordinated progress, corrective work and inspections, overseeing company-wide deliveries exceeding ten containers per month at peak.
- **Pricing and negotiation:** Calculated profit using purchase costs, freight, forwarder charges and export tax rebates; benchmarked overseas retail and competitor prices. Negotiated discounts in exchange for volume, payment terms or product changes, and assessed custom requests against factory capabilities.
- **Platform operations and prospecting:** Tracked Alibaba.com exposure, rankings and inquiries to distinguish traffic from conversion issues. Prospected through trade shows, referrals and customer websites, locating purchasing contacts and building relationships through visits and Facebook interaction.
- **Sales support and collections:** Recruited, trained and directly managed three representatives; reviewed emails, quotations and platform activity and joined key negotiations. Typically required 30%-50% deposits and balances against bill-of-lading copies, releasing documents only after payment; coordinated customs and export tax rebates.

> The team was gradually downsized around 2022 as business declined. Current work consists of limited support for existing accounts and export coordination, allowing full-time employment.

SHENZHEN OMILAI HOUSEHOLD PRODUCTS CO.,LTD

Mar 2013 - May 2015

Export Sales Manager

Jewelry mirror cabinet manufacturer with a company-owned factory in Huizhou; no export operation before this appointment.

- **Built export channels:** Launched Alibaba.com, independently built the export website and recruited the sales team, establishing inquiry and follow-up channels that supported orders from the US, Germany and the Middle East.
- **Developed eight sales representatives:** Used onboarding, inquiry allocation and follow-up coaching to help all eight representatives secure orders. New hires typically won their first order about one month after joining.
- **Overseas customer engagement:** Conducted English business discussions at a Dubai trade show and on customer visits in Saudi Arabia, supporting relationships with online and physical retailers.
- **Training and knowledge sharing:** Delivered an invited business email workshop at Alibaba's Shenzhen Bao'an office. Coached a colleague in an Alibaba foreign-trade competition; the colleague placed in the Shenzhen top ten.

EARLIER EXPERIENCE

SHENZHEN VONNEW TECHNOLOGY CO.,LTD

Export Sales Manager

Surveillance equipment exports. Independently handled Alibaba.com, overseas prospecting, quotations and order follow-up, with no direct reports.

SHENZHEN SEETOP TECHNOLOGY CO.,LTD.

Feb 2010 - Feb 2011

Export Sales Representative

Followed up European LED display prospects from company-assigned historical customer records; handled needs discussions, quotations, negotiations and internal coordination.

Ningbo Jingwei Wood Industry

Jun 2007 - Feb 2010

Export Sales Representative

Exported fireplace mantels, vents and wooden toys to the US and Canada. Sales from personally managed accounts exceeded 50% of company sales. Independently handled the platform, orders and export documents, including letter-of-credit review, document preparation and presentation.

SKILLS & TOOLS

Export execution: Customer development, cost-based pricing, negotiations, factory assessments, samples, inspections, delivery and export documents; hands-on letter-of-credit experience.

Business English: CET-6; overseas trade shows, customer visits and English business discussions, including familiar product presentations, pricing and after-sales communication.

Websites and marketing: Independently built multiple WordPress business sites and a Shopify jewelry store, covering domains, pages, products, forms and maintenance. Hands-on exposure to SEO, Google Ads and Meta Ads; familiar with basic campaign workflows.

AI-assisted automation: Uses AI to write scripts that process emailed shipment details and Excel orders, generate order files, monthly statements and inspection/customs documents, and assist shipment planning. Retains program checks and manual review.

EDUCATION

China University of Geosciences (Wuhan) | Bachelor's Degree in Economics | 2002 - 2006

Additional qualification: Chinese C1 driving license
